YOU CAN'T EAT GRASS

Close to half the land of this nation would be useless for food production if it weren't for the breeders and raisers of livestock and the packers who start meat along the channels that end at the dinner table.

You can't eat grass. By itself, it adds nothing whatever to the food supply. Meat animals, on the other hand, thrive and grow on it. Inevitable grass becomes edible meat that keeps the country's larders full.

Our meat animal population must be kept at a high level if we are to supply our own needs and maintain our foreign exports. We can't turn our meat supply on and off like a faucet. There's no miraculous assembly line that will produce an animal ready for the packers in a few minutes. It takes more than a year to grow a marketable hog, and two to three years to grow a beef steer. Any considerable decline in our animal population would take a long time to make up. The only sound policy for American agriculture, in the words of the Secretary of Agriculture, is "organized, sustained and realistic abundance."

Meat animals, which are the farmer's chief source of cash income, are also the backbone of a tremendous competitive industry which produces a product for a profit of only a fraction of a cent per pound. Meat is a staple item in the American diet, and the whole process of producing it begins on grass-land, a great portion of which is useless for anything save the feeding of livestock.

Lake Worth's Annual Fiesta in Progress With Fine Attractions

A colorful coronation pageant for the Sun Queen and a huge torchlight parade and fireworks display was the highlight of the opening of the annual Fiesta Del Sol celebration at Lake Worth, Nov. 25th, and 26th.

The annual fête, held each year to usher in the holiday and tourist season will continue through Saturday night and will be climaxed by the Fiesta Ball to be held Saturday at the South Ocean Club.

The celebration this year, beginning staged under the direction of Ronald Smith, general chairman, boasts a number of outstanding entertainment attractions which include a fashion show, giant auction sale each day, special ceremony honoring the Lake Worth Pioneer Association, a Florida Parade on Saturday afternoon, carnival attractions, a three-day visit from the Sun Queen and a variety of free acts to be staged outdoors.

Preparations for the Fiesta have been underway here for the past six weeks with all of Lake Worth's civic and fraternal organizations taking part in the sponsorship of the celebration.

DINNER-DANCE ENJOYED BY BETA SIGMA PHI Beta Sigma Phi members and their guests enjoyed a formal dinner-dance at the Country Club of the Everglades Saturday night, with seventy attending. A roast turkey buffet dinner was served, and music was furnished by the Rhythmites Orchestra.

A Thanksgiving Turkey was given away Saturday night in front of the Glades High School by the Beta Sigma Phi, with Mrs. Sabo Simmons as mistress of ceremonies assisted by Doug Wooten. The lucky winner was Harold Riedel. Proceeds from this affair will pay for paint to be used on the interior of the Girl Scout Hut.

A special calling meeting will be held next Wednesday night for the purpose of studying for the "Ritual of Jewels" which will be in December.

PIANO RECITAL BY LAURINE ANDERSON

Laurine Anderson, young daughter of Mr. and Mrs. Frank Anderson, was presented in a piano recital Sunday evening at the home of her parents by her teacher, Mrs. J. A. Murphy.

This is the first of a series of musicals to be presented by pupils who have completed a repertoire of six selections from memory.

The young pianist looked lovely in a gown of red tulle and wearing a dainty corsage, charmed her guests with piano and violin numbers. Assisting her on the program was Miss Maxine Schug, vocalist, Mrs. L. P. Parson, violinist and David Anderson, pianist, played while refreshments were served by the host and hostess.

The following numbers were presented: "Silver Slippers," "Trick Riders," "Spinning Song," "Smile Waltz," "Swing in Fairland," "The Water

In the Ruth West, and her mother, Thaddeus Remer Rushing of Statesboro, Ga., and mother of the bridegroom, Mrs. Francis W. Cross of Canal Point.

Pouring were Mrs. I. E. Enlow and Imogene Fontaine. Holding the guest book was Mrs. James Wiering, Assisting Miss Rushing at the gift table were Mrs. J. E. Jones and Mrs. Paige Choate. Assisting at the refreshment table were Mrs. Jack Royals, Mrs. Margaret Tharpe, and Mrs. James Spence.

A program of piano music was given by Mrs. Z. T. Ingram and Mrs. David Stoddard.

WCSA HAVE ANNUAL SILVER PURITAN TEA

The annual silver tea which is given every year just before Thanksgiving by the W. S. C. S. of the Methodist Church was held Sunday afternoon, Mrs. M. M. Sabiston and Mrs. J. M. Gledhill, dressed as Puritan mothers in grey dresses with white caps and aprons, poured at the tea table.

The table was covered with a lace cloth and a beautiful silver tea service at each end. Lighted candles and floral arrangements formed the center piece.

With Miss Ruth West at the organ, the musical program included a vocal trio, Misses Margaret and Ruth West, and Mrs. William Thiebaud who sang "The End of a perfect Day," piano solos by Mrs. David Stoddard, "Impromptu" by Schubert, and "Eude" by Debussy, and solos by Miss Jean Martin, "Smiling Through," "Land of the Sky Blue Waters," and "Little Bit of Heaven."

Hostesses were Mrs. C. A. Thompson, Mrs. Walter Hooker, Mrs. Inga Nelson, Mrs. Pat Burke, Mrs. R. E. Freeman, Miss Sara Diggs, Mrs. Bill Carver, Mrs. R. P. Mackey and Mrs. John Schoenfeld.

PHYLIS BUSS FETED ON SIXTH BIRTHDAY

Mrs. W. H. Buss entertained on Monday with a party honoring her daughter, Phyllis, on her sixth birthday.

Twenty little guests were served birthday cake, ice cream and lemonade on the lawn, and games were played.

Children attending were Susan Clark, Charles Lockmiller, Beverly Kirkland, Janet Ruth Kirk, Stuart Boots, Carolyn Markham, David Moore, Lynda Jean Evans, Edie Hayslip, Janette and Butch Bowder, Donna Jean Kirchman, Barbara Anne Gay, Michael Berryhill, and Carol McClure. Assisting the hostess were Mrs. G. D. Kirkland, Mrs. Randall Cobb, Mrs. Russell Buss, and Mrs. Grace Teague.

rehearsals, a complete band rehearsal and concert with the Glee Club followed.

Enroute home that night, they had car trouble between Lake Placid and Palmdale, finally arriving home early Wednesday morning.

Glee Club Goes to Tampa

A group of members from school Glee Club attended the Clinic in Tampa which was held last Monday and Tuesday. Large crowds, from all over Florida took part in this state wide contest. Most of the time was spent in practicing with the big contest being held Tuesday night.

Those who took part were Carolyn Cato, Billy Mathis, Merton Bashley, Clark Womack, Patti Ingram, Liska Humphries, Jerry Burry, Jackie Royals, Carolyn Earwood, and Maxine Schug. Chaperones were Mrs. Thiebaud, Mrs. E. D. Humphries, and Miss Alma Murphy.

Ministers Son is Licensed to Preach

Thomas Howes, son of Rev. and Mrs. T. C. Howes, of the Pahoehoe Methodist Church, who is serving as religious recreational and musical director at the Green Cove Springs Methodist Church, at a recent district church conference, was one of a number of young men who were licensed to preach.

Some 4,000 roller skating rinks are now in operation in the U. S. A., according to SKF Industries which annually makes millions of tiny balls for skates and other rolling elements.

Band Attends Clinic

Some of the members of the School Band left last Sunday for Tampa to attend the State Band Clinic. The sectional rehearsals did not begin until Monday so the group enjoyed the day playing golf, attending the movies, and visited Ybor City during the evening.

Since V-J Day More Than 132,500 New Telephones Added in Florida

\$55,000,000 of new facilities have been provided for more and better service

Look at the record of telephone growth in Florida—about two-thirds as many new telephones have been added in the past three years as were in service in Florida in 1945. This phenomenal progress was possible only through the all-out effort of telephone folks to meet the increasing needs of the state.

Yes, Florida's telephone service has really grown—not only in size but in value as well, for you can now call many more people and many more can call you. A total of more than 356,000 Southern Bell telephones are now serving the state. Floridians are making a monthly average of 2,142,000 long distance calls which is 55% greater than in 1945. The daily average of local calls made by our Florida customers is 2,309,000 as compared to 1,432,000 in 1945.

But that's only part of the story. A vast amount of new construction was added in order to install and serve these telephones.

Since V-J Day, 15 new buildings have been constructed and 19 buildings substantially enlarged providing more than 327,735 square feet of additional floor space. And central office equipment has been installed making possible a greater expansion of service facilities throughout the state. Nearly a thousand new long distance circuits have also been added to handle more calls more quickly.

But in spite of the growth in business, telephone earnings continue to be dangerously low. This is because the amount of money paid out to furnish your service has increased at a faster pace than the amount of money taken in.

Southern Bell's greatly increased investment in Florida is evidence of our faith in the state and its people. Future expansion and improvement of the service will require many more millions of dollars of new money. This will have to be financed, as in the past, with money furnished by investors who may be expected to provide the necessary capital, only so long as they receive a fair return on their money. That's why it's so necessary that telephone rates be sufficient to pay today's increased operating costs and provide a reasonable return to those who have invested their savings in the business.

Telephone rates in Florida are not sufficient to meet today's costs and assure the Company's ability to render good service. That is why we are now before the Florida Railroad and Public Utilities Commission seeking rates that will enable us to continue to provide you with good and dependable service.

Bay and Belle Glade. While the "bloom" is the lucrative sales end of the business, yet bulb sales also bring in sizeable income.

The Gulfstream racing track at Hallendale, near Ft. Lauderdale, which has been in almost constant financial litigation, has been taken over by James Donn, of Miami, Donn and his associates, think this purchase will end litigations. Donn, is well known in Masonic and Elks circles in South Florida, as well as in florist circles, as he is the king pin florist of Dade County.

Agricultural sources state that the turkey crop in Florida for 1948, shows a decrease of at least 20 per cent under that of 1947. Looks as if the Thanksgiving and Holiday period birds would be costing the consumer a much higher price this season, ranging from 70 to 90 cents the pound, according to the grade of the turkey. Oysters for the dressing will show a little price increase, and the red cranberries will be available in bulk or canned style, for the side sauce.

Patrons of the Florida Light and Power Company in Belle Glade when they scanned their November bill, found an additional item on the account, that of the Utility Tax which the City Commission saw fit to assess on the account, that of a source of revenue. This tax was once in effect, but was repealed by the Lloyd regime, and re-enacted at least \$15,000 additional income source. Guess there will not be many objections, so long as the benefits are going into public projects for the betterment of our city.

It was spring and political in the rural sections. A politician making a canvas, inquired of one of the natives, "How's business out here?" "Still going strong answered the farmer. "There were eight cars parked in my lane last night."

The diner was a chronic complaint, and the waiter was at the end of his rope because of the unreasonable demands. "Why is it that I never get what I asked for?" barked the customer. "Perhaps, madam, because we are too polite," replied the waiter.

Our own sugar refinery down at Okechobee will soon be turning out sugar crystals on tonnage basis. This is the first full year that the Puerto Rican operators have been able to operate on a season basis. Lots of money tied up in that big refinery down on Road 27. Season pay rolls will mean much to its employees.

Through the programs staged by the various clubs, cultural affairs are on the pickup in Belle Glade.

After witnessing one of the workouts that Coaches Cooke and Leavitt put the football squad through at the practice field, tougher, and different from anything I ever witnessed.

I can readily see why the Goldoni team is in such good physical condition for their various contests. If there is a muscle in the entire anatomy, that does not get exercise from these calisthenic exercises, I would not know where to locate it. That our boys are in excellent physical condition shown by the infrequent injuries in which they have had to be removed from the game. That forward wall is as firm and strong as the armor on a battleship, and just about as hard to penetrate.

The colored citizens were most elated by the manner in which the Belle Glade citizens co-operate in getting their Bobcat football before the public. They have asked the Lions to again sponsor their schedule. Next year, with several games in the Glades towns. After all, these citizens are essential to our white projects, they are interested in the better education of their youth and this football program is one of the ways that the city can help along the good projects of the colored people.

There is no doubt what Governor Millard Caldwell has been a great millard for the flood control project in Florida, expressed through acts and public bodies. Fuller Warren, governor or elect, has the same type of opinion on the big project, and he advocates that the entire state should have a hand in providing the states share of the cost of the improvement, placed at \$37,000,000. Legislative action and the citizens committee alike are bending efforts to work out a satisfactory plan of financing, so that the plans of the drainage project can be worked out in toto.

Time to save up your coin to pay for the 1949 auto. Just a month away when the new insignia must be attached to your cars and trucks. New plates will be on sale at the customary agencies on and after the first of December.

But you are thinking about Christmas? Got much money to spend? Going to buy, if so, remember that home owners and merchants should have first call on your patronage?

As I sat at my desk thinking over things of life, I came to the conclusion that trying to live and be a human being, was quite a job. Along that path of life, one pushed against sharp thorns, thus his toes on obstacles in his path. The long stretches of pleasant paths more than makes up for the rugged knocks otherwise sustained. If one can show savings and buildups in property, social and religious gains, then one ought to be happy and content. This week, being Thanksgiving week, I want to speak my appreciation and thanks for all the good things which have come my way these near four score years of life.

Heard a Masonic philosopher say in talking about the four letter word word Amen, which is so often used to end a prayer or close a musical selection, that the word means the end, just at "30" does for a newspaper story. When used with a prayer it should be pronounced with the broad inflation, as spelled, but with a song, the accent is on the hyphenated or split, A-men, accent.

Despite the fact that the Army Engineers refused the request for the re-establishment of a channel light on Lake Okechobee, fishermen are finding good beacon light to guide them toward the dock. This light can be seen many miles out on the lake, and following its flickers, keeps one's preposition of direction pretty well in hand.

Many Upsets In Final Games of Conference Football Games

Most of the High school football teams of Florida fought their season to an end over the weekend, except such schools which had final games scheduled for Thanksgiving week dates. With teams at the peak of their playing ability and strength some upsets were recorded, as shown by the following scores: Pahokee, 36, St. Marys of Miami, 0; Jackson, 14, Miami Tech, 0; Miami Beach, 45, Sebring, 6; West Palm Beach Wildcats, 37, Ponce DeLeon, 20; Gessu of Miami, 12, Clewiston, 0; Okechobee, 42, Lake Placid, 0; Ft. Lauderdale, 32, Lakeland, 0; Broward, 58, St. Patricks of Miami Beach, 0.

Ray Cagney, who was assistant coach of the Pahokee Blue Devils, under Frank Hobson, back in 1949-41, when the Glades was represented by one team, brought his St. Mary's

team of Miami, to Lair Field, Thursday night, to meet the Blue Devils. Thought the Catholic school team was no match for the Blue Devils, yet for their size and weight, they played as good and sprightly a game as any visiting team had yet played on that grid. The first quarter was played on even terms, with no scoring, but in the second quarter Pahokee turned on the power of its running and passing attack, and that was the end of possible victory for the visitors. Cagney was greeted by his many Pahokee friends. He left Pahokee to enter defense services, and for three years past has been head coach of St. Mary's.

Odd Fellows of County Invited to Jupiter

The pastor of the Community Church, Rev. Carlson, has extended an invitation to the Odd Fellows and Rebekahs of West Palm Beach, Belle Glade and Stuart to be guests of the church for a social gathering, November 28th., for an Odd Fellow supper and rally, as arranged for by Mr. and Mrs. Walter Rogers, former residents of Belle Glade. Following the church service a basket picnic is to be enjoyed on a Jupiter Island beach. From this gathering, a movement will be pressed, to establish an Odd Fellow Lodge in Jupiter.

SCOTTISH RITE

 other candidates were recorded from Pahokee, Clewiston, Ft. Myers and Everglades City. From a dramatic and ritualistic standpoint the degrees of the reunion were never better conferred, and the staff presenting the 26th degree, of "The Price of Merit" for the first time in Consistory history covered itself with glory. It promises to be a most popular degree of the work, and around 300 members. The Consistory in its history has had three secretaries, Companions Hanson, Wright and Heugland, and two class officers, Jackson and Williams, the latter for a score of years. In this fall class, sons of Wright and Heugland were among the candidates, and were given marked attention in the degrees.

Announcement was made that the annual visitation of the Grand Master, who this year is Judge Hal L. Adams, of Mayo, to the Grand Lodge district, would be held on December 8th., at Gulf Stream. The Grand Lodge and all of the eleven lodges will be invited to be present for the event.

STATE GAME BOARD Continued From Page One
 Indian River County as an example of this year's game improvement, and added that "fair deer, turkey, quail and squirrel hunting would be found in the area. Quail hunting will be below par in Okechobee and St. Lucie counties, but both areas will offer improved deer, turkey and squirrel shooting.

Martin County quail and squirrel crop are fairly good, the report said; however, deer and turkey were listed on the scarce side of the ledger. The survey showed quail hunting will be better than average in Palm Beach County, but other game is still scarce in that section.

Broward County wildlife officers report fair quail prospects but pointed out that the county has no deer or turkey. Deer and quail hunting will be average in Dade County, and commission biologists report an improved turkey crop in the southern portion of the county. According to wardens, Collier County, long noted for its hunting, has plenty of deer along with a fair stock of squirrel and turkey. Good deer hunting is promised on the mainland section of Monroe County, but wildlife officers predict disappointment for hunters of other types of game.

Below is a breakdown of deer, squirrel, quail and turkey in the nine counties of the Fourth District:
 Broward—Quail, fair; squirrel, scarce; turkey and deer, scarce. Collier—Deer, plentiful; squirrel and turkey, fair; quail, scarce. Dade—Deer, quail and turkey, fair; squirrel, scarce. Indian River—All game fair. Martin—Quail and squirrel, fair; deer and turkey, scarce. Monroe—Deer, plentiful; squirrel, quail and turkey, scarce. Okechobee—All game fair. Palm Beach—Quail, fair; deer, squirrel and turkey, scarce. St. Lucie—Squirrel, plentiful; deer, quail and turkey, fair.

Low FOB Prices Costing Florida A Pretty Penny

Pointing out that the continued low FOB price for fresh fruit means heavy losses for citrus growers, Merton L. Corry, Florida Citrus Mutual's general manager, called for an enthusiastic mass meeting of growers, bankers and business men at Tavares on Monday, called for immediate action by the large number of unsigned growers.

He warned that steps will have to be taken at once to stabilize the already unsettled fruit market and said that if the remaining production required to make Mutual's plan operative is signed up quickly, it will be possible to start Mutual working by the first of the year and that a strong stabilized market will result promptly.

Florida grapefruit were worth more than oranges at the nation's auction markets last week, when the latter fruit dropped down the red ink bracket, Oranges slipped down to an average of \$2.65 a box for the 252 cars from all areas of Florida that went through the auctions. It was a 19 cent loss when compared with 202 cars at \$2.84 the week before. It has been estimated that it costs about \$2.25 to get to box of oranges from the grove to the market, and when an average cost of about 50 cents for growing is added to the auction returns, there is not enough money to go around in last week's average figure.

Only 20 to 25 percent of the state's fresh fruit is sold at the big auction markets but the prices received there have a direct influence on the FOB price at packing house platforms. FOB buyers in the state naturally will not pay any more for fruit than their competitors or their own organizations can get for it at the auctions. Last week the FOB prices on oranges were down to a general average of \$1.75 a box, which does not include the cost of transportation. The \$1.75 figure means less than the cost of production to the average grower.

Delay Hunting For Football Game

The hunting season opened up on Wednesday, but as many of our local nimrods are also big football fans, and would not miss the annual Belle Glade Pahokee clash at Lair Field, Wednesday night, they did not start on their exodus to the fields and woods until late that night. Were the roll call made on local business men on Thanksgiving Day, there would be many absentees from home noted.

It took two hours to untangle this car and dead victim from the freight train that struck it and carried it for thirty yards. Although all railroad crossings are well marked, 65 collisions occurred between trains and autos in Florida last year. The death toll was forty persons. National Commission Bureau advises motorists to approach crossings cautiously—in cities as well as country areas.

Florida Orchids In St. Louis Show

The Florida-bred orchids from the collection of Arthur McKee of Vero Beach, Florida, were a principal attraction at an exhibit just concluded in St. Louis, Missouri, by the American Orchid Society at their quarterly meeting. The orchids were exhibited by Dr. David C. Fairburn, Orchidologist of McKee Gardens in Vero Beach, where 100,000 orchids are now being grown and studied. Dr. Fairburn, noted for his work of the past two years in the growing of hybrid orchid seedlings and adapting hybrid orchids to growing out of doors in the McKee Gardens, was also a principal speaker on the Orchid Society's Fall program. The Doctor was formerly staff orchidologist for the Missouri Botanical Garden in St. Louis.

South Bay Citizens Now Enjoying New Water Works Facilities

The South Bay Town Water System has now been completely installed and the contractor H. C. Boyce of Clearwater has moved his equipment and crew to another location.

The water system is tied into the Belle Glade system at Indian Mound near Clewiston and water furnished by Belle Glade under contract for the next five years.

The first water bills were mailed to customers this last Thursday and Town Clerk Alvah B. Shaw reports satisfactory coming in from reports.

Customers were serviced as the mains passed their property. The first water was running in September, many customers were serviced during October and these on the outskirts in early November.

The work was handicapped by the flood waters following the September hurricane which made it necessary for the contractor to dig ditches by hand labor for a time as the ground was too soft for the ditching equipment to work for some weeks following the storm. Otherwise the installation would have been completed earlier.

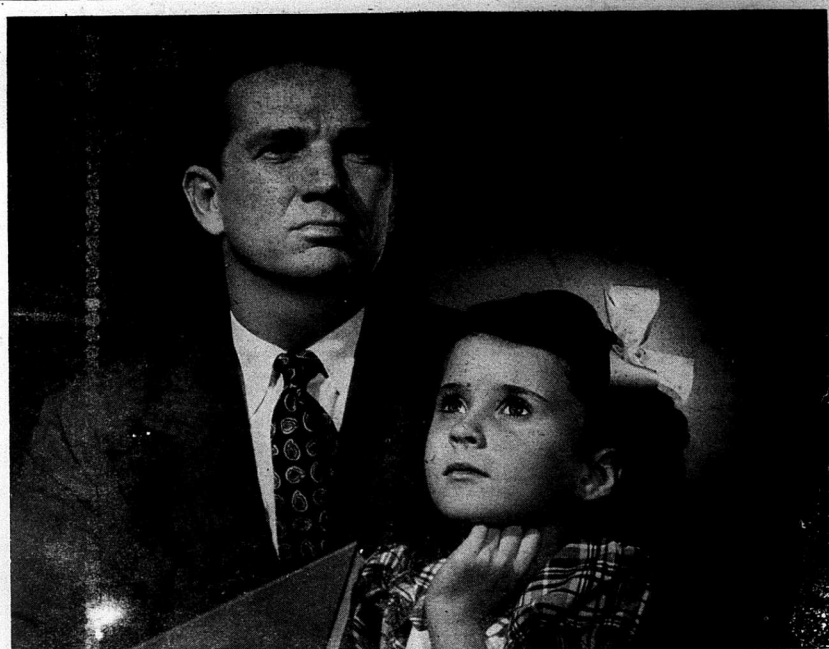

J. W. "Jack" Warren has been appointed water maintenance supervisor. He also serves as sanitary inspector and building inspector for the town.

South Bay Town Election Will Be Held on December 7th

A Town Election will be held at the South Bay Town Hall on Tuesday, December 7th, to elect a mayor and three councilmen to succeed Mayor W. M. C. Warren, S. J. Fisher, and O'Neal Walker.

The town registration book will remain open for registration of voters up to and including Saturday, November 27th, which is the final date of filing for candidacy to have the name of the official ballot.

To date Saturday, Nov. 26, only one person had filed as candidate for mayor, W. M. Jeffries to succeed himself in the office. Four persons had filed as candidates for councilmen,

Story to be told an American child...

A LONG, LONG time ago, in a land way across the Atlantic Ocean, there were some people called the Pilgrims.

These people lived under a wicked king who wouldn't let them do what they wanted to do. They wanted to worship God in their own way, and he wouldn't let them.

So they got together in each other's houses, and they locked the doors, and they talked—so that no one outside would hear them—about what they ought to do. And they decided to sail in a ship to the other side of the world.

They decided to sail to America.

After many weeks on the ocean, they arrived on strange shores. The woods were all about them and not even the promise of food. Yet they got down on their knees and thanked God that they were safe.

The men went into the woods and cut down trees and built homes. Some of them were killed by the Indians. So they set up guards to protect them from the Indians while they planted seeds for food for their wives and their children and themselves to eat.

Then the winter came, and it got cold, and many of them got sick and died. But the others carried on. And in the spring they planted again. All the time they had to fight off the Indians to protect themselves.

That year, when the harvest was in, they all got together and knelt on their knees and thanked God for being so good to them. They had their troubles, but at least they had their freedom—and that was why they thanked God. For they felt that nothing was better than freedom—and nothing is.

It's been a long time since the Pilgrims first came here. But every fall we still have Thanksgiving. For

no matter what happens—whether we have war, or sickness, or trouble of any kind—just like the Pilgrims, we can still do what we want to do here in America. We still have freedom.

And that's why we have Thanksgiving here in America. Nobody anywhere else in the world has Thanksgiving. For nobody anywhere else in the world has what we have here in America.

Some day maybe everywhere in the world they'll have Thanksgiving. Because maybe some day, everywhere else in the world, they'll have what we have here in America.

So let's all of us, right now, not only thank God for what we have, but pray to Him that everybody, everywhere else in the world, can some day be just as lucky as we are.

Don't you think we ought to?

Freedom is everybody's job

HDC to Plan for Christmas Party

The Womens Home Demonstration Club will meet at the South Bay Recreation Hall on Thursday, December 2. There will be a talk on Christmas suggestions for gifts and gift wrapping of parcels.

Following the business and program session, the club will hold its annual Christmas party and gift exchange. Each one attending will bring a gift and in turn receive one from another member. Cost of the article or materials used in making the gift is limited to fifty cents. Each member is requested to bring a guest. All women in the community are invited.

Baptists Have Fish Fry at Clewiston

The Rev. and Mrs. B. A. Oswald attended a fish fry at The South Clewiston Baptist Mission lawn on Tuesday, Nov. 18. Rev. Oswald conducts a worship service at the mission each Tuesday evening of each week in addition to his regular services as pastor of the South Bay Church.

The Oswalds attended the State Baptist Convention at Miami Wednesday, Thursday and Friday of last week.

South Bay People Gaze at New Comet

Quite a goodly number of the South Bay people, reading of the newly discovered comet, arose early for several mornings to witness the strange and beautiful phenomenon which appeared each morning in the south eastern sky just be-

fore five o'clock. An excellent view was obtained for several mornings. Clouds and low hung fogs interfered with the view during the past week and the disappointment of a number who had failed to see it under the more favorable atmospheric conditions.

Assault Used Hoe On Antigoni's Head

An altercation between two negroes in the colored quarters at Lake Harbor Sunday night resulted in Patrick O'Riley being hospitalized at the Belle Glade Hospital with severe lacerations of the head caused by being struck over the head with a hoe. Major Shaw was arrested and lodged in the Belle Glade Jail awaiting trial on the charge of striking the injured man.

Miami Negro Injured When Car Struck Bridge

Frank L. Stevens of Miami, negro, is a patient at the Belle Glade Hospital with injuries received Sunday when he struck the railing of a bridge on State Road No. 80 near Okeechobee Camp. His wife was also hospitalized but later released as her injuries were minor. A third person in the car was not injured. Highway patrolmen at Miami Shieffield made the investigation.

More than 100 million pounds of coffee are bought annually in Columbia, South America, by buyers permanently stationed there by a & P Food Stores, this country's largest importer of coffee.

First units of the University of Chicago's new \$50,000,000 electron-volt cyclotron (atom smasher) needed a special truck with seven axles, 26 wheels and reinforced tires to haul it through the streets. Each section weighed 87 tons.

CARD OF THANKS

We wish to take this means of thanking our many friends in Columbia for their kind words of sympathy and beautiful floral offerings in the loss of our beloved father John U. Nix. Mr. and Mrs. C. G. Payne 11-19-11
